Subject: CA WaterFix "eBlast" and links to application

Hi Zach – as I mentioned at the end of the meeting on Wednesday, the state prepared an announcement of our application to the Corps (it also provides links to the PN and the Sac District's overview of the permit process). We have also included in the announcement a link to the entire application package. It's here on the CA WaterFix website:

Let me know if you have any questions,

Ken
